

# Figgjo

Skipper Jim Adams sent a query about Figgjo to one of their staff. Here is her reply:

Hello James

Figgjo is indeed the last full scale producer of porcelain in the Nordic countries. And very proud of that!

Happy to hear that you are interested in ordering coffee cups, is it for "Den Norske Fiskeklubben"?

We have a distributor in US, Singerequipment , that would be happy to assist you. Easier for you also, they will organize shipment end customs etc.

Do you know which cups you are interested in? They might even stock what you are looking for, I know they stock our Oslo range, <https://www.figgjo.com/front/oslo>

All our cups can be seen here:

Mugs here:

Have a great day!

Best regards,
